SUMMARY

Enthusiastic React.js Developer with 2 years of experience in developing, maintaining, and enhancing web applications. Proficient in JavaScript (ES6+), React hooks, and state management using Redux. Skilled in creating responsive and user-friendly interfaces, optimizing performance, and collaborating effectively within agile teams to deliver high-quality software solutions.

EXPERIENCE

Node Js Developer

Breathvein Technologies Software Solution

August 2024 - Present, Mumbai

- Developed and deployed **5+ RESTful APIs**, supporting applications with **1,000+ daily users** and ensuring seamless data exchange.
- Enhanced server performance by **20%** through optimized database queries and efficient middleware design.
- Collaborated with front-end teams to integrate APIs, reducing development time by **15%** with clear documentation and support.

React Js Developer

Sky It Solution LLP

August 2022 - March 2024, Pune

- Designed and developed scalable, high-performance web applications using **React.js**, adhering to best practices.
- Implemented reusable components and optimized front-end development workflows to streamline project timelines.
- Integrated RESTful APIs and managed application state using **Redux**, improving data handling efficiency.

Internship

Numetry Technology Private Limited

April 2022 - July 2022, Mumbai

- Master **HTML**, **CSS**, and **JavaScript** for building responsive and accessible user interfaces.
- Learn how to use popular frameworks like **React.js** for component-based UI development.
- Gain proficiency in CSS frameworks like **Bootstrap**, **Material-UI**, or **Tailwind CSS**. Understand **responsive design principles** and ensure cross-browser compatibility.

PROJECTS

Contruction Domain Based Project

- Developed **10+ reusable components**, ensuring a consistent UI across the platform, and integrated RESTful APIs to fetch and display **real-time project data** for **over 500 active projects**.
- Improved application performance by **30%** through lazy loading, code splitting, and efficient state management using Redux.
- Implemented real-time collaboration features like task assignment and chat, enhancing user productivity by **25%**, while ensuring responsiveness across **all screen sizes**.

E-Commerce Domain Based Website

- Worked on developing a high-performance, user-friendly e-commerce website to enhance the shopping experience. The website includes features such as product listings, shopping carts, user accounts, payment gateway integration, and order tracking, optimized for mobile devices and designed to support high traffic and quick transactions.

EDUCATION

Bachelor of Computer Science

Greenfingers College Of Computer And Technology, Akluj (Affiliated to Solapur University) • 82.2%

HSC

Krantiveer junior college, Mhaswad • 2019 • 56.15%
